

## Registry Credentials Notice

**Nurses Plus Healthcare maintains electronic copies of credentials necessary for Federal and State Regulation R9-10-905D.**

If the nursing care institution uses registry staff, the administrator shall ensure there is a contractual agreement with the registry that ensures:

- A registry staff member holds a current license or certificate to perform duties within the scope of the individual's license or certificate;
- A registry staff member complies with the requirements in subsection (A) (8) for providing evidence of freedom from infectious pulmonary tuberculosis;
- A registry staff member complies with the fingerprinting requirements in A.R.S. 36-411 (See Fingerprinting FAQs, Published by Arizona Department of Health Services Online at [http://azdhs.gov/als/forms/fingerpr\\_faq.pdf](http://azdhs.gov/als/forms/fingerpr_faq.pdf))
- A registry staff member has completed annually in-services; and
- A registry provides documentation of compliance with subsection (D)(1), (D)(2), and (D)(3) within two hours of a request by the nursing care institution or the department.

This Registry Credentials Notice shall serve as the contractual agreement required under State Regulation R9-10-905D for facilities and administrators using temporary registry staff from Nurses Plus Healthcare.

If you have any questions about the credentials available or need to exercise rights as stated in State Regulation R9-10-905D please contact staffing at Nurses Plus: 602-285-0535
